

HisabDo — Day 11 QA Execution Report

Capstone Project | Track: Software Quality Assurance

Tester: Mohamed Hany — Junior Software Tester (ISTQB CTFL v4)

Date: August 11, 2026

Scope: Deeper functional and negative testing of the HisabDo Android application and website.

1. Execution Summary

Metric	Result
Mobile App Test Cases Executed	20
Website Test Cases Executed	15
Total Executed	35
Passed	33
Failed	2
Blocked	0
Bugs Found	2
Critical Issues	0

2. Test Coverage

The Day 11 execution covered positive testing, negative testing, boundary value testing, input validation, error handling, navigation, UI/usability, and functional checks across the mobile application and website.

Area	Mobile	Website
Functional / Positive	✓	✓
Negative Testing	✓	✓
Boundary Testing	✓	✓
Input Validation	✓	—
Error Handling	✓	✓
Navigation	✓	✓

3. Defects Found

BUG_001 — Photo attached to the transactions don't appear in the transactions details

Test Case	TC_D11M05
Module	HisabDo App - Transactions
Environment	HisabDo App
Severity	Low
Priority	Medium
Expected Result	Photo is attached and viewable when showing the transaction details
Actual Result	Photo is attached but not shown in the transactions details
Status	open

BUG_002 — The date Range in the transaction module shows transactions outside the range selected

Test Case	TC_D11M09
-----------	-----------

Module	HisabDo App - Transactions
Environment	HisabDo App
Severity	Low
Priority	Medium
Expected Result	Only transactions within the selected range are displayed
Actual Result	All transaction displays not only the selected range
Status	open

4. Requirement-to-Test-Case Mapping

A separate Day 11 Requirement-to-Test-Case Mapping document was prepared with 12 important requirements/features. Each requirement is linked to its corresponding test case ID(s) and execution result.

5. Result Analysis

A total of 35 test cases were executed: 33 passed and 2 failed. The two failed cases correspond to BUG_001 and BUG_002. Both defects are recorded with Severity = Low and Priority = Medium, exactly as documented in the Day 11 Excel Bug Report. No critical issues were identified.

6. Submission Deliverables

Executed Day 11 Excel test cases, Bug Reports, Requirement-to-Test-Case Mapping, this QA Report, and relevant screenshots/evidence for reported defects.
